

FOREWORD - Invitation

We have learned and do understand that God does not go around punishing people. We punish ourselves. If we get a speeding ticket, by breaking the speed limit, a fine will be paid if we get caught. Not many of us have been told to speed. We just do it out of habit. If we let our politicians get us into trouble, we are to blame and they are not. The man that thought he knew best for his nation - the reason for Desert Storm - caused all of the people to pay the price.

Rebellion and indifference cost humanity dearly each and every day. The world is up to about fifty trillion dollars in debt. At ten percent interest, about fifteen billion dollars interest each work day and growing, it sure does take a lot of work to pay just interest. At fifteen billion a day, just interest, the debt is not being repaid. God let us get out of debt, and we were surprised when He told us, **"You will never have to borrow again."**

We believe that people need to learn how to make right decisions. Over any given period of time, collective wrong decisions tend to accumulate, and entire societies, from A to Z, suffer. When we allow our thinking to advance in the wrong direction, the outcome is spiritual poverty, bitterness, prejudice, hatred, illness, despair, hopelessness, loneliness, misery, sickness, and ultimately, death.

Death, in one sense of the word as humankind understands it, is inevitable. However, how we die is of major importance. We can die to human nature and find heaven, here on this earth, or we can continue in denial.

xviii

In some mysterious way, in God's Last Day of Creation, all of the dead will be raised in Christ. It seems like an impossibility, but that is what the Scriptures declare. We believe in, **"Thy kingdom come, thy will be done, in earth as it is in heaven."**

We have heard that there are over eight hundred religions in this nation alone. We have even heard that there is a religion for every man, woman, and child in California. Well, there is much more truth to that last statement than most people realize! We take no issue with the way anybody worships or believes. That is your business, and is absolutely none of ours. We have found the way to let our human nature be replaced with heavenly nature. Therefore, we do believe that *NOW, it is available to you also.*

If you stay with us, you too will be a recipient. Let there be no mistake about this next declaration. *It is a gift, and your name is on it.* We therefore invite you to come aboard and join us, just like Noah did, about 4,500 years ago.

Lets have a small refresher course. In Genesis 7:7-9 the Scriptures tell us; **He (Noah-rest) boarded the boat with his wife and sons and their wives, to escape the flood. With him were all the various kinds of animals - those for eating and sacrifice, and those that were not, and the birds and reptiles. They came into the boat in pairs, male and female, just as God commanded Noah.** Please note in Genesis 7:14 . . . **With them in the boat were pairs of every kind of animal - domestic and wild - and reptiles and birds of every sort.** Very important is the fact that many of us were higher in the sky than God, and quite a few of us did crawl around or slither on the ground.

It will be very important, later on, to understand that Noah brought on to the Ark male and female animals before the flood started. If you are anything like we were, your place is waiting for you. In the third chapter, we go into detail about what creatures we had become; animals.

In chapter four, we discuss a rebirth process, and relate a similar story that we remember reading many years ago about a butterfly. This is the only acknowledgement that we are able to give in that we cannot find that particular book now.

Something that we need to be ever mindful of is that none of us will ever debate the Scriptures, since we are sharing what we believe the Holy Spirit confirmed to us. No, we cannot prove it. We do not need to defend God's Word. It stands for truth, ultimately, regardless of who believes what.

*We believe that the time of Great Tribulation is imminent! We are in hopes that many multitudes will have just regular tribulation, which has been hard enough on us. Probably, no matter what we can say or do will convince many people, but we do hope that **you** will join us today.*

*All that is required is that you stay on board with us by reading this book, if you can tolerate the composition technique that is used with it's commensurate ability or lack of same, until you have a clear conviction from God on what action **you** need to take. Based on some of the early comments about this effort, we do not expect any good reviews. All that is required of us, however, is that we do our best and leave the rest to Him. It has always been that way; before the spiritual awakening and after.*

*May God bless you and keep you until then. We are indubitably glad that **you** are with us.*
